The Branch support services

Sub: I am complaining BQM. Sir

Respected,  
Sir

The Phone operator abused me in bad language during the day. When I come to the office at night, he asked me to pay the money. I said, "The member has not paid the money". The Person who made the entry in my name asked me for money. I said, "you have made the entry on the web. I cannot pay, the <sup>member</sup> has not paid. I will bring the money to the bank." He said this. After that, BQM Sir beat me and forcibly demanded money and forced me to leave the branch. He threatened me at night to run away. If I do not pay the money, I will file a complaint in my name. I said, "Do whatever you want." I went to the branch and slept at the railway station.
